

## Critical Sector Descriptions

On March 25, 2020, Governor Walz issued a Stay At Home order (Executive Order 20-20). While most Minnesotans are asked to stay at home, workers or volunteers in critical sectors, who are performing work that cannot be done at their home or residence through telework or virtual work and can only be done at a place of work outside of their home or residence, are exempted and permitted to leave home if they need to do so for work. These critical services exemptions apply only to travel to and from an individual's place of work and an individual's performance of work duties, including transportation to and from childcare or school settings as necessary to ensure the safe care of children. The descriptions below provide additional guidance on workers considered critical in Stay At Home order. These categories follow the federal Cybersecurity and Infrastructure Security Agency (CISA) Guidelines with some Minnesota-specific additions.
